

## Overview:

I decided to create a dashboard site for a photography business. My website can help photographers keep track of all their data, including all their clients, past and future photoshoots, income, and tasks. It also shows the earning percentage by types of photoshoots and highest earning clients. This site is helpful in storing data and keeping track of photoshoots, and it can also be helpful in analyzing which factors contribute most to the company's income.

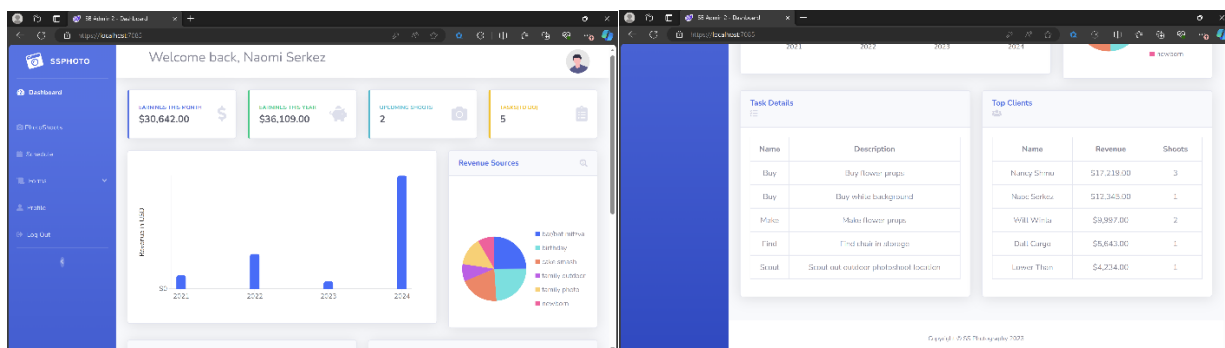

## Login:

The login page prompts the user for a username and password. There is an option to check off "remember me." If a user checks it off, the next time the user goes on the site, they will be brought straight to the home page.

## Dashboard:

This page is the home page of the website. It contains a quick overview of monthly and yearly earnings, upcoming photoshoots and tasks. It also contains a yearly revenue overview, as well as revenue broken down by types of photoshoots. The dashboard also contains a detailed list of tasks to do and top earning clients.

### Photoshoots:

This page contains a list of all past and future photoshoots, along with all the photoshoots details. The user can also choose to remove or add more columns of information. When the photoshoot ID is clicked, the user will be brought to a form where they can edit that photoshoots information.

The screenshot shows a web application interface for SSPhoto. The left sidebar contains navigation links: Dashboard, PhotoShoots, Schedule, Forms, Profile, and Log Out. The main content area displays a table of photoshoots with the following columns: ID, Client, Type of PhotoShoot, PhotoShoot Date, and PhotoShoot Price. The table lists 12 photoshoots, with IDs 1 through 12. The client names are Will Winla, Dall Cargo, Nancy Shmo, Lower Than, Dan Smith, Minty Breaht, Will Winla, Nancy Shmo, Naoc Serkez, Harry Parker, Dan Smith, and Nancy Shmo. The types of photoshoots are family photo, cake smash, bar/bat mitzva, newborn, birthday, family outdoor, and newborn. The dates range from 1/12/2024 to 1/31/2024. The prices range from \$290.00 to \$7,654.00.

ID	Client	Type of PhotoShoot	PhotoShoot Date	PhotoShoot Price
12	Will Winla	family photo	1/11/2024 12:00:00 AM	\$7,654.00
11	Dall Cargo	cake smash	1/30/2024 12:00:00 AM	\$5,643.00
10	Nancy Shmo	bar/bat mitzva	5/25/2022 12:00:00 AM	\$8,765.00
9	Lower Than	newborn	3/19/2024 12:00:00 AM	\$4,234.00
8	Dan Smith	newborn	1/8/2021 12:00:00 AM	\$290.00
7	Minty Breaht	birthday	3/15/2021 12:00:00 AM	\$564.00
6	Will Winla	family outdoor	5/9/2022 12:00:00 AM	\$2,343.00
5	Nancy Shmo	bar/bat mitzva	1/27/2021 12:00:00 AM	\$3,454.00
4	Naoc Serkez	birthday	1/31/2024 12:00:00 AM	\$12,345.00
3	Harry Parker	family outdoor	10/9/2023 12:00:00 AM	\$2,345.00
2	Dan Smith	bar/bat mitzva	3/6/2024 12:00:00 AM	\$1,233.00
1	Nancy Shmo	cake smash	1/12/2024 12:00:00 AM	\$5,000.00

### Schedule:

This page is a calendar that contains the photoshoots as events. The calendar can be viewed in daily, weekly, monthly, or yearly view. Each photoshoot on the calendar contains basic identifying information to let the user know which photoshoot is when.

The screenshot shows the same web application interface, but with the 'Schedule' view selected. The calendar displays events for January 2024. The events are: 'family photo for Will' on January 11, 'cake smash for Nancy' on January 30, 'cake smash for Dall' on January 31, and 'birthday for Naoc' on January 31. The calendar also shows the days of the week and the month of January 2024.

SUN	MON	TUE	WED	THU	FRI	SAT
31	1	2	3	4	5	6
7	8	9	10	11 family photo for Will	12 cake smash for Nancy	13
14	15	16	17	18	19	20
21	22	23	24	25	26	27
28	29	30 cake smash for Dall	31 birthday for Naoc	1	2	3

### Photoshoot Form:

This page of the website is where users can add new photoshoots to the database. The form required a client, a photoshoot type, a date, and a price. Once a user saves the photoshoot, it can be viewed in the photoshoot page, and anywhere else that it is relevant.

The screenshot shows a web browser window with the URL `https://localhost:7085/PhotoShootForm`. The page title is "SSPHOTO". The sidebar on the left contains links for Dashboard, PhotoShoots, Schedule, Forms, Profile, and Log Out. The main content area displays a form for adding a new photoshoot. The form includes a "Clients" dropdown menu, a "PhotoShoot Type" dropdown menu, a "Shoot date" date picker, and a "Price" input field with a value of "\$0.00". A green "SAVE SALES" button is located at the bottom right of the form. The page also shows a "Welcome back, Naomi Serkez" message and a "PhotoShoot ID: UNSAVED" label. The footer indicates "Copyright © SS Photography 2023".

### Profile:

The user profile popup can be viewed either by pressing on the user icon on the top right corner of the page, or by clicking the profile option on the sidebar. It gives a brief overview of whichever user is currently logged.

The screenshot shows the same web browser window as the previous image, but with a "Profile" popup displayed. The popup contains the following information:

- Name: Naomi Serkez
- Photographer | [naomi.serkez@gmail.com](mailto:naomi.serkez@gmail.com)
- Social media icons for Facebook, Twitter, and Instagram.
- A blue "CLOSE" button.
- Metadata: 1 User ID, 1 Department ID, 1/22/2024 10:04:56 PM Last Refreshed.

The background of the dashboard is dimmed, and the "SAVE SALES" button is still visible.
